

End-User License Agreement (EULA) of the NetworksDB.io IP-to-Organization Database

This End-User License Agreement ("EULA") is a legal agreement between you and NetworksDB. Please read its terms carefully as you are acknowledging and agreeing to them.

This EULA agreement governs your acceptable use of the NetworksDB.io IP-to-Organization database (the "Database").

If you are entering into this EULA agreement on behalf of a company or other legal entity, you represent that you have the authority to bind such entity and its affiliates to these terms and conditions. If you do not have such authority or if you do not agree with the terms and conditions of this EULA agreement, do not install or use the Database, and you must not accept this EULA agreement.

If you register for a free trial of the Database, this EULA agreement will also govern that trial. By installing and/or using the NetworksDB Database, you are confirming your agreement to become bound by the terms of this EULA.

This EULA agreement shall apply only to the Database supplied by NetworksDB herewith regardless of whether other software is referred to or described herein. The terms also apply to any NetworksDB Database updates and/or supplements, unless other terms accompany those items on delivery. If so, those terms shall apply.

License Grant

NetworksDB hereby grants you a personal, non-transferable, non-exclusive licence to use one copy of the Database in accordance with the terms of this EULA agreement.

You are permitted to:

- Access and use the information contained in the Database.

You are not permitted to:

- Edit, alter, modify, adapt, translate or otherwise change the whole or any part of the Database;
- Reproduce, copy, distribute or resell the Database or any part of it for any commercial or non-commercial purpose;
- Allow any third party to use the Database on behalf of or for the benefit of any third party;
- Use the Database in any way which breaches any applicable local, national or international law;
- Use the Database for any purpose that NetworksDB considers is a breach of this EULA agreement.

Intellectual Property and Ownership

NetworksDB shall at all times retain ownership of the Database's contents and all of its subsequent updates. The Database (and the copyright, and other intellectual property rights of whatever nature in the Database, including any modifications made thereto) are and shall remain the property of NetworksDB.

NetworksDB reserves the right to grant licences to use the Database to third parties.

Termination

This EULA agreement is effective from the date you first use the Database and comes with no termination date.

It will terminate immediately if you fail to comply with any term of this EULA agreement. Upon such termination, the licenses granted by this EULA agreement will immediately terminate and you agree to stop all access and use of the Database. The provisions that by their nature continue and survive will survive any termination of this EULA agreement.

It shall continue indefinitely or until terminated for one of the above reasons.

Governing Law

This EULA agreement, and any dispute arising out of or in connection with this EULA agreement, shall be governed by and construed in accordance with international laws.
